

# ClickBid Mobile Bidding 101

YouthCARE is proud to use Mobile Bidding for our online auction. Bidding is easier than ever. Once you are registered, you will receive a welcome text message with a link. Simply tap on the link to load your confirmation page.

## Place bids in seconds.

Once the auction is live, either swipe up and browse items or tap MENU to search or filter items. Once you find an item you wish to bid on, simply tap Bid/Info, More/Buy or Donate to bid, buy or donate. From there you simply choose an amount and we'll do the rest.

## What if I am outbid?!

ClickBid keeps track of your bids for you and once you have been outbid we'll immediately send a text message to your phone and show you an on-screen alert. You can easily jump back into your account and make sure you don't miss out.

## Watch your bids like a pro.

You won't miss a beat with your bidding history filters which show you items you are winning, watching and losing. We keep this page focused on the items you're interested in so you don't get distracted and lose an item. You can find your filters under the MENU button.
